

general

Stephen has worked in the performing arts and live events since the early 1980s and gained extensive experience in producing, direction, technical direction, showcalling, stage management, video, AV, and speaker coaching.

His corporate work ranges from the launch of cruise liners, cars, trucks, an outdoor cabaret with construction equipment, cueing the handover ceremony of Macau to China and the intimate launch of a new perfume with Kylie Minogue at an exclusive London casino club.

Stephen has worked on live webcasts for a range of corporate clients and live TV broadcasts including the Monaco Dance Forum awards hosted by Jeanne Moreau and Charlotte Rampling at the Grimaldi Forum, Monaco.

Apart from a wide background in event production and the technologies to produce them, he is also well experienced in running events globally and working alongside international crews using local equipment where appropriate.
